Notes to the Financial Statements

1. General

The principal objective of the Company is to participate in, to administer, to finance, to conduct the management of and to render advice and services to other companies and enterprises. The statutory seat of the Company is in Amsterdam and the principal executive office of the Company is located at Strawinskylaan 1143, 1077XX Amsterdam, The Netherlands.

The policy of the Directors is to make use of the provisions of Article 362 paragraph 7 of Title 9 of Book 2 of the Dutch Civil Code to present the financial statements of the Company in a currency other than Euro's. In line with the international character of the group of which the Company forms a part, the financial statements of the Company are presented in US Dollars.

Book year

In accordance with Article 14 of its Articles of Association the financial year of the Company runs from the first day of April to thirty first day of March of the following calendar year.

2. Summary of principal accounting policies

a. Basis of preparation

These Financial statements have been prepared in accordance with Title 9, Book 2 of the Dutch Civil Code. The principles of valuation are based on the historical cost convention. Assets and liabilities are valued at face value, unless indicated otherwise.

b. Oil & natural gas accounting

The Company follows the principles of the successful efforts method of accounting for its oil and natural gas exploration and production activities. Accordingly, all costs that lead to discovery, acquisition and development of specific oil and gas reserves are capitalised. When the outcome of the costs is unknown at the time they occur, they are recorded as capital work-in-progress.

All costs that do not lead to discovery, acquisition and exploration of oil and gas reserves are charged as expenses in the year of occurrence. Once a project is sanctioned for development, the carrying value is transferred within property, plant and equipment. The capitalized exploration and development costs for proved oil and natural gas reserves (including the costs of drilling unsuccessful appraisal and development wells) are amortized on the basis of unit of production method.

c. Impairment of assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment assessment for an asset is required, the Company makes an estimate of the asset's recoverable amount.

BPRL VENTURES MOZAMBIQUE B.V.

Amsterdam, The Netherlands

Notes to the Financial Statements

Impairment of assets (continued)

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets. In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value. Where the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount.

Impairment losses are recognised in the profit and loss account except for assets that are previously revalued where the revaluation was taken to equity. In this case the impairment is also recognised in equity up to the amount of any previous revaluation.

d. Accounts receivable

All amounts receivable are expected to be recovered within one year after the balance sheet date.

e. Cash at bank

Cash at bank are stated at nominal value and are at the free and unrestricted disposal of the Company.

f. Current liabilities

All amounts payable are stated at face value and expected to be paid within one year after the balance sheet date.

g. Foreign currencies

Assets and liabilities denominated in foreign currencies have been translated into US Dollars at the rate of exchange ruling at the balance sheet date. Operating transactions denominated in foreign currencies are translated into US Dollars at rates of exchange ruling on or around the date of the transactions. Foreign exchange gains and losses arising as a result of the application of the above accounting policies are disclosed separately in the Profit and loss account.

1 USD was at balance sheet date equal to :

EUR 0,7093 (31 March 2011)

EUR 0,7432 (31 March 2010)

h. Taxation

Taxation is determined in accordance with Dutch guidelines and directives for corporate income taxes, which take into account tax exempted items and non-deductible amounts. Tax benefits arising from available losses are only recognized in the event that such losses can be compensated against prior year's taxable profits or, to the extent deemed realizable by the management, against future taxable profits.
